SO MUCH ANIME STUF!

As the industry continues to grow, more and more product is offered, and trying to keep up with it all is a full time job! As you might expect, no print catalog can ever really be current. On average, we add ten to fifteen items every day!

So, this year, you'll notice some big changes in our catalog. Firstly, we haven't listed every single item that we carry, only new items and top sellers. If we were to keep listing everything, the book would eventually be 1000 pages. Your postal carrier would refuse to deliver it, or would likely just keep it for themselves. So, instead, we've made this change and, as a bonus, we've switched the print style to full color! Our staff has also highlighted items they feel deserve your extra attention!

As with previous catalogs, we have removed products with adult content to a separate section, so if you do not want to view the material, or don't want your children to view it, simply discard this section.

You say you're looking for a VHS tape, or a product you don't see listed here? This doesn't necessarily mean the item isn't available, it just may not have made the cut for our printed book. You can always see all of the products we offer on our website at <http://www.rightstuf.com>. We've added lots of new features and functionality, including the ability to use coupons from this catalog on-line, weekly product specials, email updates, product reviews, cool contests, daily super-deals, and more.

Remember, you can save even more by joining our Got Anime purchasing club, giving you extra discounts and much much more! Check inside for more details!

Our company is dedicated to the service of our customers. If you have any comments or suggestions, on the catalog or on other matters, please feel free to call or email us! All of our friendly staff is here to help you!

Best regards,

Let The Party Begin

With dubbing complete, we're all anxiously awaiting the release of the fan favorite *Comic Party*. Here's the scoop on what to expect...

For those of you who weren't one of the lucky few to catch our premiere screenings of *Comic Party* at Anime Expo West, Otakon, or Anime Iowa, let me invite you into the crazy world of *Comic Party* where omake is the norm, hidden references are a must, and everything is driven by the mega otaku maniac Taishi Kuhonbutsu whose grand plan is to achieve global domination through doujinshi (fan comics)!

When we first looked into picking up this title, I was amazed to note just how many cultural, sci-fi, anime, and manga references the creators had managed to stuff into this little show. In fact, fans will quickly notice that the entire first scene of the show is a play on KSS' *To Heart* Series. (Both the *Comic Party* and *To Heart* animes were based on dating simulations originally created by Aquaplus.) In fact, you'll find pictures of *To Heart*'s characters (especially Multi) littered throughout the entire series here and there... and there... and even there! At one point we even considered putting in a "Multi Counter" as a DVD extra, but it would have ended up being almost as much work as putting the regular subtitles together!

Beyond *To Heart*, you'll also be able to find references to tons of other shows like *MS Gundam*, *Dangaizer 3*, *Happy Lesson*, *Votoms*, *Evangelion*, *Steel Angel Kurumi*, *Wedding Peach*, *Space Battleship Yamato*, *Cyborg 009*, and... and... okay so I don't want to list the entire contents of this catalog right here. Suffice it to say that this show is packed with omake. I've watched *Comic Party* tons of times

by now, and every time I watch it there's something else that sneaks out at me (the last round we found Pringles!). Of course, we're also planning to include a booklet packed with liner notes for each DVD, for those who need a little extra insider's help.

So is this a fan-only title? By no means! While there are tons of references packed into it, most of them are pretty subtle. For the most part, you can just sit back and enjoy the ride as Taishi pushes Kazuki further and further into (as Taishi would put it) the world of "swirling ambition, love, and hatred!"

One of things that Right Stuf has been working very hard on is the English version of this show. Oh, I can hear you groaning now. Many anime purists will swear that subtitled is the only way to go, but the cast for the English voice cast on *Comic Party* is outstanding. You've got Georgette Reilly as the sassy Yuu, Rachael Lillis as the emotional Mizuki, and poor Jack Lingo as the totally lost Kazuki. But it's Liam O'Brien's portrayal of Taishi that really steals the show. He'll have you rolling on the floor for the entire series!

Okay, as much as I'd love to continue to tell you the entire inside scoop, it seems I've run out of room in this issue. So make sure to catch me in the liner notes when *Comic Party* is released, Spring 2004!

The Horror Reappears...

Creeping closer to you, Boogiepop Phantom is now showing on TechTV and the Anime Network.

After lots of blood, sweat and tears, it finally made it. *Boogiepop Phantom*, the series described as "A bit like Bergman taking a stroll through Twin Peaks while holding hands with William Gibson" (Fantasia Film Festival), finally made its way into hundreds of thousands of television sets across the country when it hit the airwaves on both the Anime Network and TechTV in 2003.

You'd never think that it would take three years of hard work to get a simple show on TV would you? Getting programming on TV is a lot about knowing the right people, having the right timing, and sometimes just plain luck. For instance, when we first thought about getting this show on the air, we submitted it to what we thought would be absolutely best target station. While this station shall remain nameless, we were stupefied when their polite response was "...although we enjoyed your high school romance, we do not feel that it is quite the right fit for our audience." No I'm not kidding. Now anyone who's ever seen this series has to wonder what these people were smoking when they popped the DVD in the player to check it out.

Although we were obviously disappointed at their reaction, this didn't deter our belief that this was an amazing show that really deserved to be on TV so it could be seen by everyone. How could something that delved so much into the human psyche not stir up interest? So we set off once again to find a station with a vision; a station who understood the mainstream thirst for anime was maturing, and was looking for the next level beyond *Dragon Ball Z*, *Pokémon*, and *Yu-Gi-Oh*.

And then in December of 2002, we found two of them almost simultaneously. One established channel that had just begun to

take that next step into a world of anime; one infant channel on the rise to national stardom; both with the knowledge of the anime world, and who knew what fans were looking for: TechTV and the Anime Network (AN). TechTV had just launched Anime Unleashed (AU), their new programming block dedicated visually compelling anime with strong storylines. Originally cornerstoned by *Serial Experiments Lain*, TechTV was looking to expand AU with other Lain-esque types of shows. Meanwhile, ADV Films had just launched AN as a pay-per-view only station on the east coast. Looking to expand past their own programming material, they approached us for additional programming and we were happy to help out.

In June 2003, the crew of Right Stuf was celebrating as *Boogiepop Phantom* finally made its broadcast debut in the States on Anime Network. Then on July 28th 2003, the series debuted on TechTV's "Anime Unleashed" at 12AM EST (ironically closely mimicking the original release time on Japanese television). It had been an extremely long road with lots of work for everyone here, but if even one fan out there has been able to sit in very dark room, watched this series, and has had the daylights scared out of them, then we feel that it's all been worth the effort.

Will you see more Right Stuf titles on a TV near you? All we can say at this point is that it's our goal to get every single one of our titles out where everyone can enjoy them. We love them, and we want you to love them too.

FREQUENTLY ASKED QUESTIONS

GENERAL

Ratings System

To benefit our customers, we have implemented ratings for many of our products based on our staff's experience as well as input from the various anime suppliers.

ALL

Generally acceptable for children. No Nudity. Possible mild violence.

12+ 13+

May contain violence, brief nudity, and/or mild language. May suggest sexual situations, but no situations are shown. Parental discretion advised.

15+, 16+, 17+

Strong violence and strong language. Prevalent Nudity may be contained within the picture. Mild sexual situations may be shown.

18+

Extreme violence, Explicit Nudity, and/or Extreme Language may be contained in the picture. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Ratings used within our system are oftentimes provided by the manufacturer of the product. Because of the differences in ratings used by these companies, we have combined their systems, with the descriptions of the ratings listed above. TRS! does not set ratings (except for its own products) and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only, and are subject to change.

Running Time / Video Length

Next to the age rating of each item, you will see the approximate running time listed for each video. Depending on the manufacturer, running times may or may not include extra bonus features such as previews.

Edited and Uncut

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores) they must often be edited. This means that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognized this and often release both the Edited (TV Version) and the Uncut (Original Version) of the show.

Release Dates

If an item has not yet been released at the time of this catalog's printing, you may see a release date listed for the item. However, manufacturers can (and often do) change these release dates due to production delays. If you are ordering an item with a release date and are concerned whether this item is on schedule, please feel free to the item's release date through its online listing, or you can contact customer service at 1-800-338-6827, or even email customer service at info@rightstuf.com.

Why do you charge for your catalog?

Unfortunately, paper does cost money. In order to keep producing a printed catalog, this means that we have to charge a small fee for it (but don't you think it's worth it?) However, you can get your money right back by using the \$4 off coupon on page 89! (Not to mention the tons of other great coupons stuffed back there.)

Will I get your next catalog?

If you've ordered something from us in the last year, you will automatically receive the new catalog when it is shipped. If not, you may find that you'll stop receiving catalogs (and you will have to send us the current catalog fee to reactivate your catalog status).

When does your next catalog come out?

Why every spring and fall!

Why are Adult products not in this catalog?

Since our catalog is delivered to anime fans of all ages, we've taken special precautions to ensure the younger fans are not exposed to products that contain explicit violence, adult situations, or sexual content (18+). Products of this nature have been removed and placed into a special section just for Adults. Please feel free to remove this section - it really won't hurt our feelings.

Please be aware that this does not mean that all items in the regular sections are intended for young children. To help parents, we've taken special care to make sure that products are marked with age ratings.

What's this "Got Anime" thing?

An easy way to get an additional discount on your favorite anime items. For a small yearly membership fee you get additional discounts on great products, a groovy Got Anime bumper sticker, the latest catalog, newsletters and members only specials! Read more about the Got Anime Purchasing Club on page 11. Please note that international members of the Club will no longer receive mailings, due to postage cost.

Why don't you carry that many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. We are continuously scouring the market to find a stable way to bring imports to our customers and hope to do so in the future. Please check our website (www.rightstuf.com) for the latest news on imports.

Why don't you have <Title Here> Audio Soundtrack CD from Japan?

Um...I know I'm getting bad at geography, but I'm pretty sure that's an import - see above question regarding imports. You also might want to check our Soundtracks section because a number of titles are now being released domestically.

I really want to learn Japanese...

What resources do you have?

There are a couple of books in the catalog, which might be of interest - particularly "Basic Japanese Through Comics" and "The Anime Companion." The Internet is also an excellent resource and you might check with local school districts and community colleges to see if they have any courses available.

CUSTOMER SERVICE

How can I contact you?

Contact us day or night 7 days a week:

On the Web: www.rightstuf.com.

By E-Mail: info@rightstuf.com

By Phone: 1-800-338-6827, International calls (515) 252-6116.

By Fax: (515) 252-0555 (Please use FINE mode)

By Mail:

The Right Stuf International
PO Box 71309 Des Moines, IA 50325.

Please don't email your order, it's very unsecured and someone could steal your credit card number.

What are your hours?

If our company President had his way, we would be chained to our desks 24 hours a day. Luckily, (for us at least) this is not so. We answer the phones from 8am to 5pm Central Standard Time (CST) Monday through Friday.

Can I get a new order form?

You can give us the information on the form or on any scrap of paper. As long as we can read it, you are fine (hieroglyphics just wasn't our specialty in any life).

How can I check on my order?

If you placed your order through our online store (www.rightstuf.com) you can check your order status when you login. Otherwise, simply call our friendly Customer Service people at 1-800-338-6827 or email us at info@rightstuf.com.

How long is a typical item "out of stock" for?

With a few exceptions, DVD delays can be measured in days. There are some freak delays, but 2-4 weeks is a usually safe figure. However, please keep in mind that some items are directly imported from Japan, and may be in short supply even there, and should the vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

Can I use the coupons with online order?

Yes, you can. Simply use the Coupon Code that is on your coupon when you place your online order. You can only use one coupon per order for online orders and only one catalog coupon per customer.

Can I order online Daily Deals, Weekly Specials, or Special Pre-Order Discounted items through the mail or over the phone?

Sorry, but these special offers are only available through our online store at www.rightstuf.com and if you check in often enough you might find some amazing deals online!

How many coupons can I use with my order?

Any coupon that would apply to the order of course! We do want to stress that you can only use one coupon type per order (Yes, which means no paying using all of your friends' \$4 rebate coupons.)

Do I need to add sales tax?

Only if you happen to live in Iowa.

If I move, should I inform you?

Certainly a good idea (Right Stuf would be the FIRST notice I'd send if I were you), especially if you want to keep getting stuff from us. Just drop us a quick note, giving us your old address, and your new address, so that we can update our records.

MAIL-IN ORDERS

I went to your online store and I wanted to order, but I don't have a credit card? What do I do?

Should you prefer to flip through the online store to select items, you can actually use it to place an order in by mail! Simply select all of the items you want and place them in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!) Just print this form off and mail it in with your payment. Although you can use the online store to generate your order, nothing will be recorded by our system so make sure that you don't lose your form or you'll have to re-enter everything all over again!

Why do you hold my order when I pay with a check?

Even with all this cool technology, checks require at least 18 days to clear. In a perfect world, this would not be so.

What's this NSF charge?

"Non-Sufficient Funds" means, in English, your check bounced. This is bad. We will charge you for this. There is a \$25 charge for all returned checks.

CAN'T FIND WHAT YOU'RE LOOKING FOR?

VISIT OUR WEBSITE: WWW.RIGHTSTUF.COM FOR MORE.

PAYMENT METHODS

Do you take Discover / VISA / MasterCard / American Express ?

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards.

If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships. Unless there's some freaky deposit problem, that's the only time.

I'm an international customer. What's with this extra data you need?

With international mail and credit card fraud becoming a growing problem, we felt it was better to ask you for additional information rather than charge everyone outside the country a lot more for their stuff. So, first-time international customers (it's only for the first time buyers) are now required to furnish a copy of your driver's license (or something with your address on it) along with a photocopy of BOTH sides of your credit card. This policy only affects first-time international buyers. This allows us to better protect you by making sure you are getting the product.

SHIPPING

How long does it take to ship an order?

From the time we receive the order and place it in our system, standard processing time to ship it is 24-48 hours. If some of the items are on back order, it can take an average of 10-14 business days for us to receive the back ordered items. Then standard processing time goes into affect.

What are your methods of shipping?

Please see our order form for details and prices.

Are there any other shipping options available?

Additional shipping options are available for orders placed by phone or through our online store (www.rightstuf.com).

How much is shipping for Pre-packs?

Shipping is simple: use the amount for a SINGLE item.

I'm not at home in the day.

Can you ship to my office?

Certainly (in fact, we prefer to do this to ensure that you actually get your stuff), but please give us all the information that you can, including the name of the company, so that your friendly delivery person can get your package to you. We require that you include the business's name in the address. We are happy to work with you to get the product to you as quickly as possible, but for American Express cardholders, this is not allowed due to American Express' own restriction policies. You might also choose to have the product shipped to you by mail.

I chose express delivery and my product still took 2 weeks to arrive. What's up with that?

You must have ordered a product that we didn't have stock on at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery the moment we receive it from the manufacturer. Although we do keep significant stock on the items in our catalog, there are times when there may be delays getting items from the manufacturer, as discussed above.

What happens if my country will not allow me to have this sort of tape / My order was seized by the border ... what now?

Sorry. Please consult with the postal authorities of your country prior to placing an order for adult product. We will not be responsible for seized shipments, and cannot provide refunds for seized products.

RETURNING MERCHANDISE

When I got my <insert title here>, it was bad. What do I do?

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs can be returned for a refund in Right Stuf store credit (or in the case of credit cards, refunded to the issuing card.) All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: <http://www.rightstuf.com/customer/requestform.shtml>

Do I have to pay to ship back a product to TRSI?

Unfortunately, Yes. We suggest using the least expensive shipping method available. We will only reimburse shipping for wrong items sent. We will pay the shipping to send the replacement back to you.

PRODUCT INFORMATION

What is an OVA (OAV)?

This means Original Video Animation. In normal terms, this means a direct to video release.

What is the difference between the "Edited" TV episodes and the regular ones that are listed?

One was shown on TV! Duh!! Seriously, this varies depending on the show. Many times the TV episodes are censored. (The TV execs hate doing it as much as you hate them doing it) Censoring is done to coincide with the regulations that TV broadcasters must abide by. This can involve the removal of Nudity, Excessive Violence, Blood (sometimes just a change from red to green makes a difference), and the naughty words. The non-TV versions often times have the episodes in their original form and you get to see the show as the producers intended. You can note this by "TV version," "Toonami," or "Edited" in the item listing.

Is <insert title> CC or Closed-Captioned?

While the standard answer would be yes for most titles, not all shows are given the CC treatment. If we know that a title is CC, we have tried to mark it as such. If you're still unsure of a particular title, please feel free to give us a call or drop an email in our box.

What are some products listed as DUB ONLY or SUB ONLY in this catalog?

Although DVDs allows for the possibility of dual language anime, it is not always possible to license a title for dual language release in the States. So, you end up with manufacturers releasing Subtitle Only (SUB ONLY) or Dubbed Only (DUB ONLY) DVDs. Subtitled DVDs display the dialogue on the bottom of the screen while the actual voices are still in Japanese. Dubbed means the music (probably) is intact, but the voices have been redone in English. In our online system, you will note that subtitled is represented by (S) and dubbed is represented by (D). You might also see (Hyb) which means that both the subtitled and dubbed versions are available on the same DVD.

I saw this show that I think might have been Japanese Animation. Do you have it?

We get questions like this all the time in the company email box. If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's like a magic user, a guy with a sword who has big hair, and a villain who wants to take over the universe, and I think there are some cat girls in it" there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't mean that it's available in the US as a licensed product but it's likely that it is.

Why isn't <insert title here> available in the US?

You might be surprised to find out how much of the Japanese product is available in the US. Of the few titles that remain unlicensed, some have their rights disputed, some licensors want more money than a title can possibly generate in this market, and some are currently in negotiation. With the exception of some television series (which are a different matter entirely, due to their length), this just about covers it. We do not sell fan subs of non-licensed products, or pirated copies of licensed tapes.

Can we special order series not on the website?

Simply put. If it isn't on our website, we can't get it.

What are some good shows for young children?

Although this is truly a matter of personal preference, we recommend Totoro, Kiki's, Pokemon, Kimba, Flint: Time Detective, and Astro Boy! for young anime fans. You might also consider the Sanrio titles like Hello Kitty. Look for the "ALL" age rating in item listings for child-friendly titles.

What's the most horrible, tasteless video you offer?

That really depends largely on the person you ask. If you ask the catalog designers, they would say Cool Devices, Angel of Darkness, Urotsukidoji, and Magic Woman M. Don't let the title fool you. Magic Woman M actually induced dry heaves. It's just that intense. These titles are certainly not for the squeamish, and are most definitely only for adults. Look for them in the Adult catalog.

DVD SPECIFIC

What is Region Coding?

Region coding is a geographical restriction for DVDs and players that allow for licensing of specific materials within different areas, or Regions, of the world. Since DVD players are region specific, you need to make sure that the DVD you purchase is coded for the same region of your player.

What region is your DVD player?

If you purchased your player from a retail outlet in the US, it should be Region 1. You can check the Region coding on your DVD by looking for the Region Code symbol on either the silkscreen or the packaging.

Region Coding List:

- 1 - United States of America, Canada
- 2 - Europe, including France, Greece, Turkey, Egypt, Arabia, Japan and South Africa
- 3 - Korea, Thailand, Vietnam, Borneo and Indonesia
- 4 - Australia and New Zealand, Mexico, the Caribbean, and South America
- 5 - India, Africa, Russia and former USSR countries
- 6 - Peoples Republic of China

What Region are your DVDs?

We primarily carry Region 1 Discs. However, we do have only a small handful of DVD titles that are multi-region and even Region-free. We've tried to mark them where possible.

Why is THIS DVD so much better than THAT DVD?

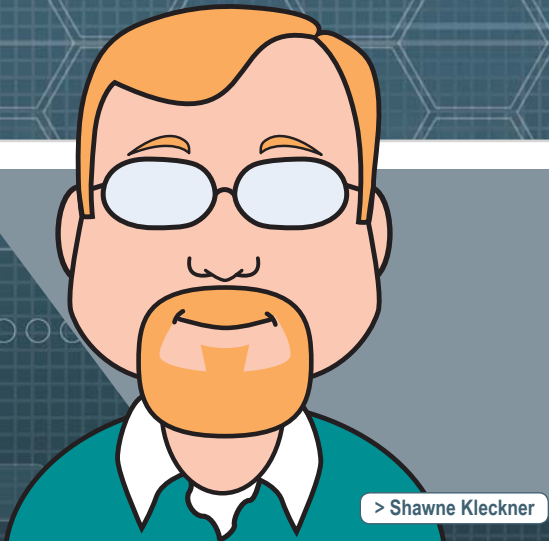

Like many things, it's the talent of the people who did the mastering. Although the format supports a very high quality image, the preparation of the material determines how good the final will actually look. This can also be seen in many non-anime DVD's that came out the door first.

Can my DVD play in a Playstation 2?

To be honest, it depends on the DVD. There have been instances of some DVDs having difficulty playing. However, the vast majority will work just fine.

SHIPMENTS TO MILITARY ADDRESSES & US PROTECTORATES

Our domestic standard rates are simple: in the US including APO (AA, AE, AP), FPO, PR, GU and VI please use the Domestic Shipping Options. Please be aware that if you have a PO Box, or are stationed in the service, our standard shipping is limited to Priority Mail because UPS will not deliver to these locations. If you live outside of the areas above, please use our International Shipping Options.

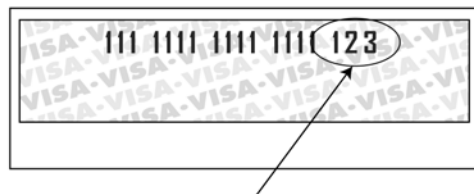

SPECIAL NOTES FOR OUR INTERNATIONAL CUSTOMERS

Shipping companies may charge a fee for delivering your package to a foreign country. Such fees and customs duties are not included in our shipping price, and are your responsibility. We will not be responsible for seized shipments, and cannot provide refunds for seized products. Please check to make sure you are in compliance with all local laws if you are ordering an adult product(s). For first time orders only, we require a copy of your form of ID (can be drivers license, passport, etc) which shows your address along with a photocopy of BOTH sides of your credit card. This information is to help keep credit card fraud down and is for your protection as well.

I'M RUNNING OUT OF FORMS!!

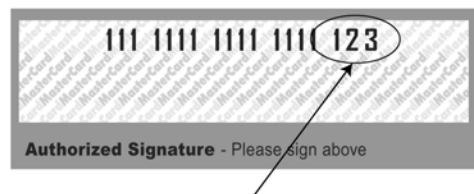

You are hereby authorized and deputized to make copies of this order form. As long as we can read it and all the information is there, you're fine. Copy away.

WHAT IS MY SECURITY NUMBER?

SHIPPING INFO:

Please allow 2-6 weeks for delivery. It will almost certainly be closer to 2 than to 6 weeks, but we like to err on the side of caution. Shipping confirmations are often sent via e-mail, so make sure to include your e-mail address!

Please make sure that there is someone at the address we are shipping your product to who can sign for your package. If someone will not be available at your home, consider having the package shipped to your work address (include your company name). If your package is returned to us, we will charge you additional shipping to reship it.

Express shipping means that your order will be shipped via 2 Business Day UPS. Actual shipment time can vary based on whether the item(s) is in stock at the time we receive your order. If you need your order as soon as possible, please consider placing your order over the phone (800-338-6827) or through our secure online store (www.rightstuf.com)

Preorder release dates can (and often do) shift about without the manufacturer informing us. If you are concerned about your preorder status, please contact customer service at any time.

PAYMENT METHODS:

We accept Checks and Money Orders in US funds. Sorry, no international checks. Please make all checks / money orders payable to The Right Stuf International, Inc. All checks require at least 18 days to clear our bank. Sorry, no CODs.

We also accept the following payment methods: MasterCard, Visa, American Express, or Discover. Sorry, you can't use your Mom's Sears card ... or your Dad's Amoco card. For security purposes, we may contact you for additional information.

PLEASE DO NOT SEND CASH THROUGH THE MAIL!!!

RETURN POLICY:

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened DVDs and VHS can be returned for a refund in Right Stuf store credit (or in the case of credit cards, refunded to the issuing card.) All returns/refunds must be processed within thirty (30) days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service at 800-338-6827 or visit our online request form at: www.rightstuf.com/customer/requestform.shtml

Products returned without a return authorization number, or those more than thirty (30) days after the invoice date, will be returned to the customer.
